# Kitchen Solution

You may already have some sense of how you want your kitchen to look and feel. Perhaps you've already chosen your cabinets and countertops and selecting your kitchen sink and faucet may seem like a quick last step. And while we try to make the process as simple as possible, there are a number of style and functionality options you'll want to consider before making your final selections. We'll walk you through those options in the section that follows and help you settle on a sink and faucet combination that makes sense for you.
